

Portable Compact Static Lab

"Innovation That Matters"

Biochemistry Analyzer Versions Available

- i) Accu-All Basic
- ii) Accu-All +
- iii) Accu-All Basic +
- iv) Accu-KINE
- v) Accu-ALL
- vi) Accu-KINE +

Mobile Lab

Mobile Lab Versions Available

- i) PCML - All
- ii) PCML - Kine

LoBike

Complete Lab In LoBike

Biochemistry • ECG • Serology • Urology • Hematology

Microscope Cell Counter PC- ECG

PC- Based ECG - 12 Lead

Biochemistry Reagents Serology Kits Hematology Reagents
Urine kits Rapid Test Kits

Incubator Centrifuge Micro Pipette

Rewarded as best Medical Product by President of India Shri Pranab Mukherjee & Minister of Science & Technology S Jaipal Reddy

- * Open System
- * Highly User Friendly
- * Low Power Consumption
- * Less Chemical Consumption
- * 24 Hour Customer Care Support
- * Highly Accurate and Linearity up to 4 times
- * Maintenance Free - Replaced Delicate Mechanism with Rugged Technology

Lab in a Box
Innovative Thinking Leads to
Revolutionary Technology

NOW

Static Lab with Accu-KINE Analyzer is Available

Static Lab Versions Available
PCSL-ALL, PCSL-ALL+ | PCSL-KINE, PCSL-KINE+

Running Cost is Rs 120 for All Tests

Containing Biochemistry Analyzer, Centrifuge, Incubator, Micropipettes, Laptop With Patient Management Software And Other Lab Accessories. Works on Direct AC Current.
